## Stock Market Highlights (as of August 14, 2026)

|                                                |                                                         |                                                                                     |
|------------------------------------------------|---------------------------------------------------------|-------------------------------------------------------------------------------------|
| <b>280</b><br>Listed companies                 | <b>Php69.43 bn</b><br>Capital raised <b>(-2.0% YOY)</b> | <b>Php20.56 tn</b><br>Total MCap <b>(+9.8% YTD)</b>                                 |
| <b>6,297.30 pts</b><br>PSEi <b>(+4.0% YTD)</b> | <b>Php7.57 bn</b><br>AVTO <b>(+3.3% YTD)</b>            | <b>Php8.89 bn</b><br>Net foreign selling<br><b>(Php40.18 bn as of Aug 14, 2025)</b> |

- As of August 14, 2026, the **PSEi closed at 6,297.30**, marking a **4.0% gain year-to-date**. The recent recovery was supported by renewed buying interest and stronger second-quarter earnings from select listed firms.
- Sentiment also improved following softer-than-expected inflation, which raised expectations for a more supportive monetary policy stance amid weaker economic growth and persistent global uncertainties.

## 6M26 vs 6M25

PSE's net income improved to P608.38 million for the period ended June 30, 2026, up by 19.8% from P508.03 million in the same period last year, on account of higher trading-related revenues.

## 6M 2026 Revenue Mix

Note: Other revenues include registry maintenance fees and penalties (for non-compliance), among others.

## 2a | Trading-Related Revenues

# Trading-Related Revenues

## Trading

### Trade Transaction

P318.75 million (up by 11.0% YOY)

### SCCP Clearing and Settlement

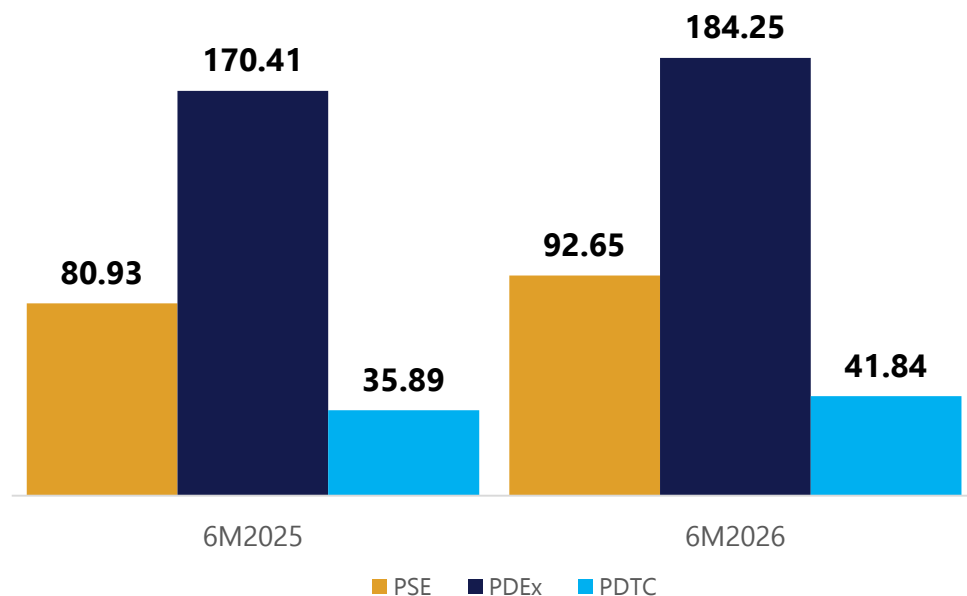

P165.45 million (up by 14.5% YOY)

## 6M26 vs 6M25

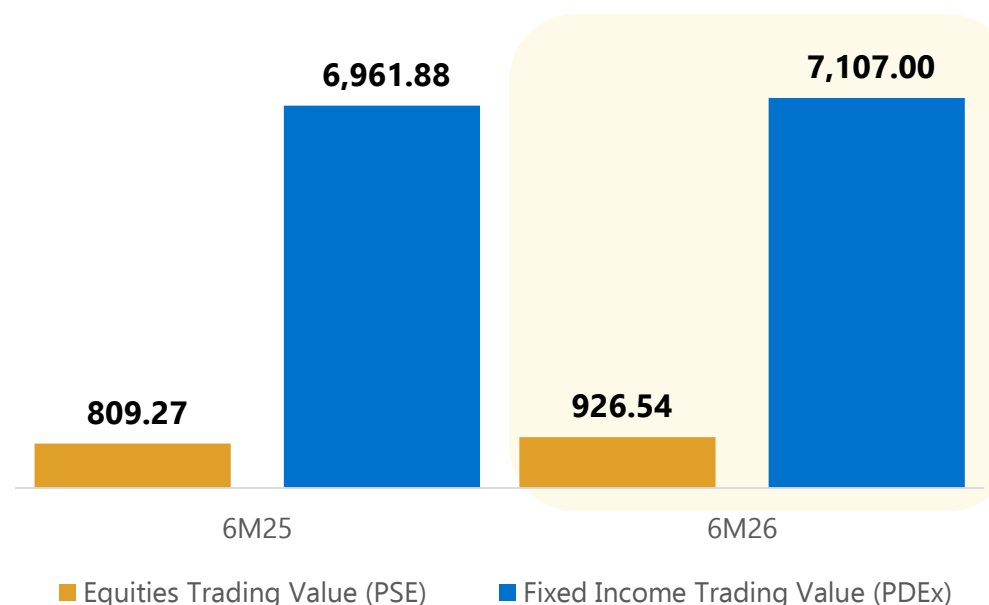

Trade transaction fees increased by 11.0% to P318.75 million, driven by higher trading volumes and values in both PDEX and PSE.

SCCP service fees likewise grew by 14.5% to P165.45 million, supported by the increase in trading value to P926.54 billion from P809.27 billion in the same period last year.

01

### Securities Borrowing and Lending

SEC **approved PSE's updated guidelines for MSLA clearance** and the proposed **streamlining of the process for applying institutions**. Updates include:

- ✓ PSE acting as a one-stop-shop for all SBL registrations
- ✓ Removing the need for separate SEC and BIR approvals for each MSLA

PSE is **awaiting approval** of SEC on the revised PSE Rules on SBL. The proposal **simplifies the operational requirements for foreign institutions** to participate in the domestic SBL market.

Status: Revising per Public Comments

03

### Market Making

- ✓ Proposed amendments to its Market Making Rules to **include a framework for GPDRs**.
- ✓ This may **be expanded later on to cover individual stocks** and other exchange traded products.

Status: For SEC Approval

02

### One Share, One Lot

Reduction of the board lot table to allow investors greater access by enabling them to buy single lots based on the market price of a stock.

#### Greater investor access

- ✓ Targeted for implementation in **Q4 2026** alongside the new trading engine.

Status: Revising per Public Comments

04

### Negotiated Trades

The proposal aims to allow Negotiated Trades as a variant of its existing block sale framework.

- ✓ Allow trading participants and investors to **execute and report smaller, pre-arranged transactions** on commercial terms agreed upon by the parties

# Product Developments in the Pipeline

## Trading

01

### GPDRs

#### BACKGROUND

A peso-denominated instrument that represent economic, but not voting, interest in foreign-listed securities, with an option to convert to the underlying shares.

#### CURRENT STATUS

PSE's GPDR regulations are in the final stages of development.

#### NEXT STEPS

PSE is awaiting SEC approval of the revised rules submitted on June 24, with approval and publication targeted within the quarter.

02

### Derivatives

#### BACKGROUND

PSE is developing the Philippine Derivatives market, starting with Index Futures which will be based on the PSEi.

#### CURRENT STATUS

PSE released an early exposure draft to select institutions with derivatives expertise to gather their initial comments. The Exchange also released its RFI to identified technology vendors last July.

#### NEXT STEPS

PSE is in discussions with multilaterals for possible funding of the project.

03

### Structured Warrants

#### BACKGROUND

A structured warrant is a contract under which a person has an actual, contingent or prospective right to buy/sell a specified quantity of underlying assets at a set price on or before a future date; or receive a cash settlement based on the underlying instrument's price fluctuations, calculated per contract terms.

#### CURRENT STATUS

PSE is aligning its draft rules with the SEC's and gathering feedback from potential issuers.

# Initiatives for Potential and Existing Listed Companies

## Listing

Launched in 2020, the **PSE Listing Engagement and Assistance Program (LEAP)** helps companies prepare for listing. To date, four LEAP participants have successfully listed on the Exchange.

The program currently has **25 companies in its roster**, including **four** companies who are ready and preparing for their IPO next year.

HausTalk, Inc.

LEAP Pipeline

## Partnership with Bloomberg

*September 4, 2025*

PSE formalized its partnership with Bloomberg to promote Philippine capital markets to the global investor community. The two organizations will collaborate on events targeting international investors through virtual roadshows and C-suite roundtables, while also exploring enhanced training opportunities for Philippine-based investor relations professionals.

## InvestPH

March 17-19, 2026

InvestPH highlighted the Philippines as a prime investment destination through informative sessions led by key government officials and top corporate executives.

The event drew **396 participants** across 35 foreign and 42 local investor institutions, facilitating 252 private meetings with 47 listed companies — directly connecting local issuers with global institutional investors.

Status: SEC Approved

01

## Minimum Public Ownership

Key changes include:

- ✓ Adoption of a tiered MPO framework for IPO applicants based on MCap
- ✓ Revised post-listing MPO requirements
- ✓ The possibility of lower MPO thresholds for exceptionally large issuers (subject to SEC approval)
- ✓ Updated reportorial and compliance requirements for companies that fall below the prescribed public float.

02

## Preferred Shares Offering

Lower minimum thresholds to expand access to capital raising

**P100M**  
minimum offering  
(Previously P1bn)

**100**  
minimum investors  
(Previously 1,000)

- ✓ Allows direct listing of preferred shares, subject to a requirement to distribute at least P50 million worth of shares to at least 100 investors within one year of listing

Status: Revising per Public Comments

03

## ETF Rule Amendments

Broader ETF structures to encourage more issuance of ETF products. Amendments include:

- ✓ Allowing trust-type and actively managed ETFs
- ✓ Enabling funds to track foreign securities and alternative assets in regulated OTC markets

Status: Ongoing Review

04

## Revisiting the Sponsor Model Framework

Easing of requirements for potential sponsors to encourage more participation. This includes:

- ✓ Removal of the insurance requirement
- ✓ Shortening of the track record requirement
- ✓ Removal continuing sponsorship obligation

## 2c | Depository Revenues

# Depository Revenues

## Depository

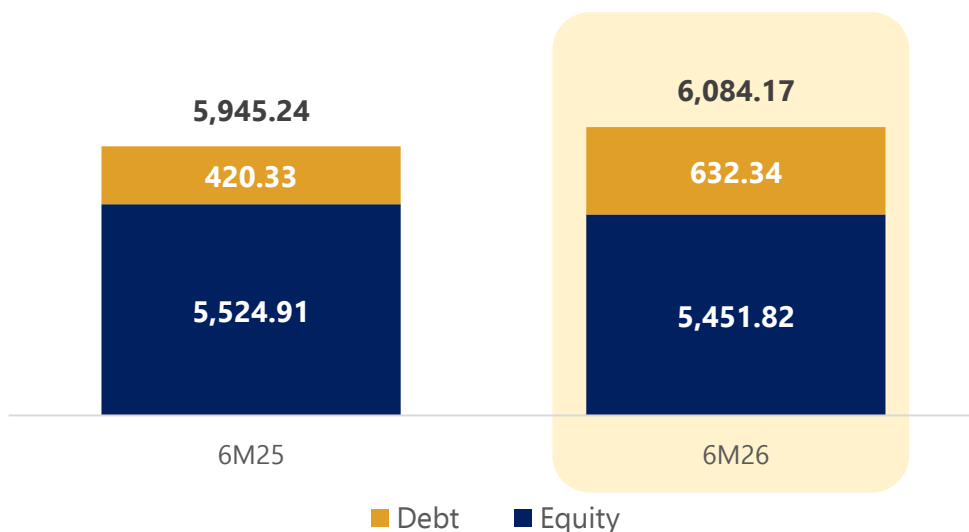

### Depository securities account fees

P294.55 million (up by 4.3% YOY)

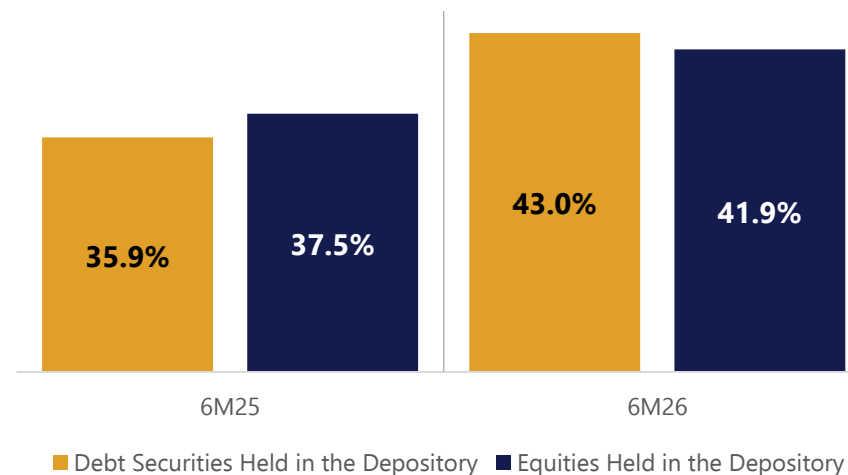

### 6M26 vs 6M25

Depository securities account revenue, which PDTC generates from maintaining and processing securities accounts through its depository infrastructure, increased by 4.3 percent to P294.55 million, driven by the higher market value of assets held in custody.

### Market Value of Assets Held in the Depository (in P bn)

### Percentage of Equities and Debt Securities Held In the Depository

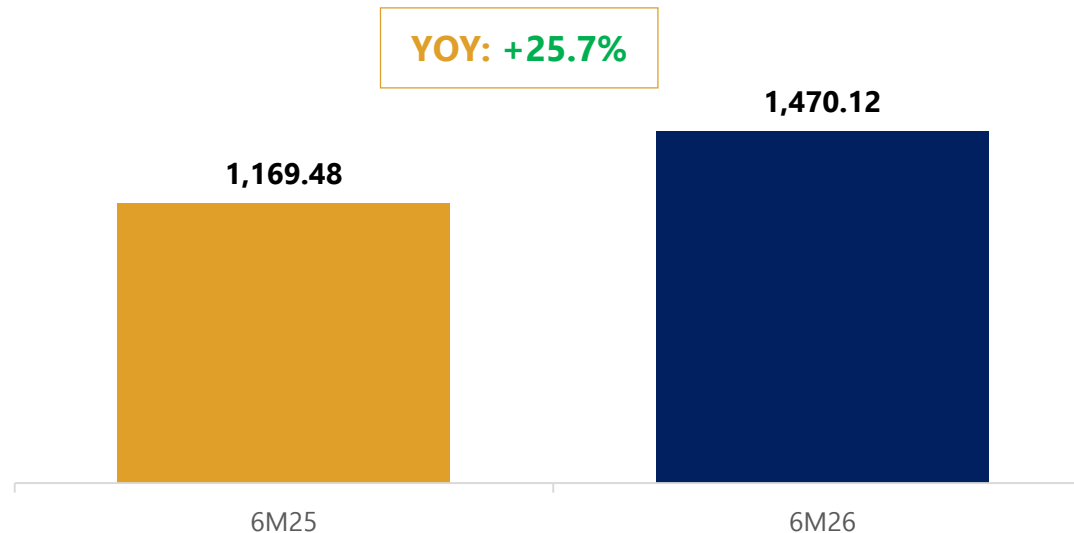

Total assets held in the depository reached P6.08 trillion as of end-June 2026, comprising P5.45 trillion in equities and P632.34 billion in debt securities. However, this accounted for only 41.9 percent of the market value of domestic companies listed on the PSE and 43.0% of debt securities in the registry, suggesting a significant upside potential for further growth across both asset classes.

## 2d | Registry Revenues

### Registry Revenues

P87.32 million (up by 28.0% YOY)

### Face Value of Debt Securities in the Registry (in P bn)

### 6M26 vs 6M25

Registry revenues are generated by PDTC for the maintenance and administration of the official registry of registered holders of paperless or uncertificated fixed-income securities.

Registry revenues grew 28.0% YoY to P87.32 million, supported by a 25.7% increase in the face value of debt securities recorded in the registry to P1.47 trillion.

# Total Expenses

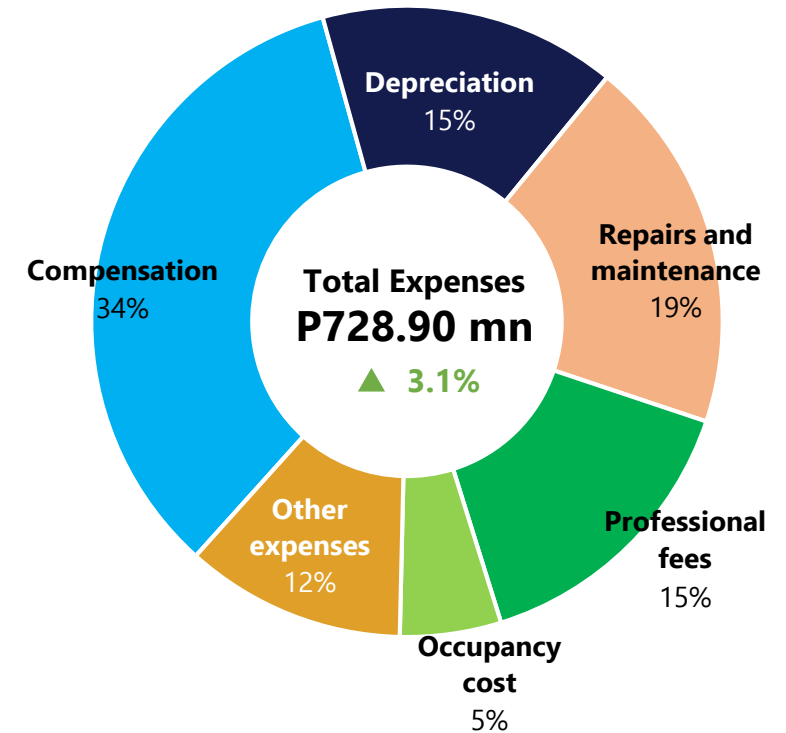

|                         | 2024<br>(in P mn) | 2025<br>(in P mn) | YOY %<br>Change | 6M2025<br>(in P mn) | 6M2026<br>(in P mn) | YOY %<br>Change |

## 3 | Other Key Developments

## 3a | Investments in Technology

# Investments in Technology

## New Trading Engine

~P940 million

## Clearing System

~P890 million

## New Disclosure Platform using XBRL Format

~P260 million

## New Central Depository System for PDTC

~P450 million

## Back Office

~P80 million

## New Surveillance System for CMIC

~P150 million

## AI Initiatives

~P75 million

## 3b | AI Initiatives

## Data Strategy and Modernization (AWS Initiative)

Undertaking a **data strategy and infrastructure assessment** to establish a modern data architecture, strengthen data governance, create a single source of truth, and enable advanced analytics and AI capabilities across the organization.

## Data Infrastructure Assessment

Partnered with International Finance Corporation (IFC) to **assess PSE's data and technology landscape against international standards**, identify opportunities to strengthen its data infrastructure, and support enhanced analytics and AI-driven capabilities across the organization.

## Executive and Staff AI Enablement Program

In partnership with Thinking Machines, **PSE conducted an Executive Enablement Workshop** on February 26–27, 2026, along with generative AI workshops and engagements with industry partners to improve AI fluency, promote responsible AI use, and support the integration of AI into day-to-day work.

## 3c | Ongoing Integration of PDSHC

## Phase 1

Ongoing

- **Identified 13 systems** and platforms for consolidation across PSE and PDS
- Defined **network and infrastructure consolidation roadmap**, including sequencing and timelines
- Establish **cross-functional working groups** (Legal, Finance, HR, Risk, Audit, ESG) to drive operational and policy alignment
- **Review, standardize and align listing and disclosure processes** for equity and corporate bond issuances.

## Phase 2

Target: 2027

- **Single system for post-trade activities** (clearing and settlement, and depository) and allowing the **use of fixed income assets as part of acceptable collateral** for clearing members, among others.
- Development and assessment of **new product initiatives** with fixed income as underlying instrument (e.g. ETFs, derivatives)
- **Expansion of Name on Central Depository (NOCD) coverage** to enhance investor protection
- Integrate **enterprise-wide risk management, compliance, and supervision frameworks**
- Establish **unified strategic planning, budgeting, and performance monitoring** across PSE and PDS

## **3d | Championing ESG and Sustainable Business Practices**

# Regional and International Partnerships and Collaborations

## APAC Sustainable Finance Systems Lab

A co-developed and transformation-driven Action Framework will allow the Exchange to develop action plans and provide resources and opportunities to collaborate on impactful gender equality initiatives.

### Objectives

- *Elevate Market Credibility & Governance*
- *Champion Regional Leadership*
- *Unlock New Market Opportunities*

## ASEAN Interconnected Sustainability Ecosystem (ASEAN-ISE)

An integrated ESG ecosystem to promote the progress of sustainable development in ASEAN.

## Glasgow Financial Alliance for Net Zero (GFANZ)

Provides a comprehensive roadmap for capital market infrastructure operators to align their own operations with the goals of the Paris Agreement, and assist markets to address the climate crisis.

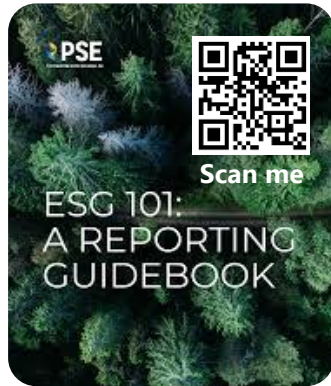

PSE **serves as the Chairman** of the World Federation of Exchanges' Emerging Markets Working Group and **Co-Chair** of the United Nations Sustainable Stock Exchanges (UN SSE) Advisory Group on Sustainable SMEs.

# Strengthening Investor Interest through Proper ESG Reporting

As a member of Glasgow Financial Alliance for Net Zero (GFANZ), PSE is guided by its framework with the efforts centered on improving ESG data quality in the Philippine market.

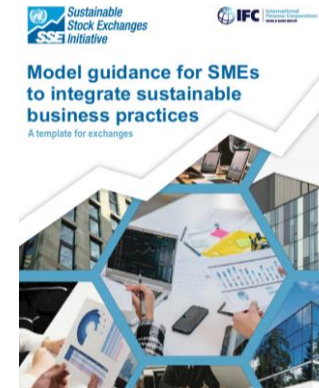

## Sustainability Reporting

PSE is working with the SEC on **implementing PFRS S1 and S2 and the Philippine Green Equity Guidelines.**

In support of these initiatives, PSE **published a guidance document** on sustainability reporting and disclosures.

PSE demonstrated its commitment by publishing this year its first sustainability report for the year 2025 aligned with the PFRS S1 and S2 standards.

## Model Guidance for SMEs

A model guidance was also published for SMEs, co-chaired by PSE which outlines on how they may adopt sustainable business practices and how exchanges may facilitate this sustainable transition.

## Capital Market Signatory

PSE is the **first stock exchange** to join CDP as a Capital Markets Signatory. This move fortifies our commitment to advancing sustainable finance and corporate transparency.

CDP is the world's leading environmental system, and it is fully aligned with PFRS S1 and S2.

**IFRS S2 as the  
foundational baseline  
for climate disclosure**

**22,100** companies disclosed through CDP  
Representing **two-thirds** of global market capitalization

# Delivering Results While Building Capacity

PSE delivered **resilient 1H 2026 results** while **strengthening the capital market** and **laying the foundation for future growth**.
