Department of Migrant Workers

On February 29, 2024, PSE and the Department of Migrant Workers (DMW) signed an MOU to promote financial literacy among the 2.3 million Overseas Filipino Workers as well as their respective family members.

PSE had conducted one webinar for OFWs and their families and participated in two migrant fairs held in Manila and in Tacloban.

Commission on Filipinos Overseas

On June 17, 2025 PSE and the Commission on Filipinos Overseas (CFO) signed an MOU to jointly undertake programs aimed at empowering overseas Filipinos to become active participants in the Philippine capital market.

Learning sessions and information campaigns form part of the projects identified in the MOU. PSE will showcase its PSE Academy website and its online and mobile app-based platforms for disclosures, market data and IPO subscription, among others, in the webinars and trainings for overseas Filipinos.

PSE will also actively participate and market the Exchange's retail investor platforms in the CFO's Migrant Fairs and contribute to the CFO's webinar series. PSE also plans to participate in CFO's Peso Sense Campaign by introducing an Investing Journey Challenge.

Investor Protection

Integrated Bar of the Philippines

On May 6, 2025, the PSE signed a Memorandum of Agreement with the Integrated Bar of the Philippines (IBP) under which, IBP will provide legal assistance to investors who suffer investment-related losses arising from the misconduct or fraudulent acts of the issuer or market intermediaries, subject to the application of the means and merit test.

We are finalizing the mechanics/implementing rules and regulations.

Championing ESG and Sustainable Business Practices

ESG 101: A Reporting Guidebook

Launched: January 14, 2025

- PSE has developed a guidance document aligned with the United Nations Sustainable Stock Exchanges Initiative's 2015 Model Guidance on Reporting ESG Information to Investors.
- The Guidebook aims to support issuers in progressing toward high-quality sustainability reporting that reflects international standards.
- It provides updated sustainability reporting regulations, data, and best practices for listed companies, serving as a foundational resource for those aiming to improve their sustainability reporting capabilities.

Advancing Sustainability Through Global Participation

- As a result of PSE's active engagement in ESG initiatives, its CEO serves as Vice Chairman of the World Federation of Exchanges' Emerging Markets Working Group and Co-Chair of the United Nations Sustainable Stock Exchanges (UN SSE) Advisory Group on SMEs and Sustainability.

Enhancing Liquidity and Capabilities

Technology Upgrades

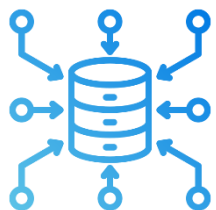

Nasdaq Eqlipse Trading

On May 22, 2025, the PSE and Nasdaq announced their enhanced technological partnership, whereby the PSE will upgrade its trading infrastructure to Nasdaq's most advanced platform, Nasdaq Eqlipse Trading.

This upgrade supports PSE's strategic objectives by enhancing market infrastructure through standardized lot sizes, enabling new financial instruments such as derivatives, and integrating advanced trading technology.

Investments in Technology

New Central Depository
System for PDTC

New Disclosure Platform
using XBRL Format for PSE

New Surveillance System for
CMIC

AI Roadmap

Objective: Empower the Exchange to establish a **data-first culture**, recognizing and leveraging both **data as a strategic asset** and **the capabilities of artificial intelligence and advanced analytics** to drive informed decision-making and inspire innovation across all departments.

Establish a cloud-native Single Source of Truth (SSOT) framework to unify data governance across the Exchange.

Key Outcomes:

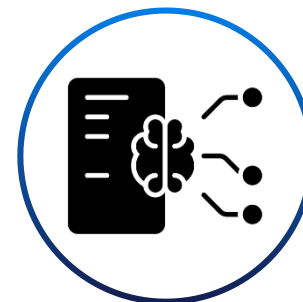

Standardize data management

Data consistency, accuracy, and accessibility

Data Warehouse
in the Cloud
Environment

PSE GPT

Leverage the PSE's document ecosystem to build a Retrieval-Augmented Generation (RAG) Large Language Model (LLM) with deep contextual understanding of financial terminology.

Key Applications:

Automate listing compliance and validation

Streamline PLC reporting and disclosure process

Provide market analytics and insights for retail investors

Enhance institutional data accessibility via data warehouse

Collaboration with Other Exchanges

Depository Receipt (DR) Collaboration with ASEAN

November 21, 2024

Following the success of the DR-linkage between Stock Exchange of Thailand and Singapore Exchange, the ASEAN Exchanges are expected to jointly develop depository receipts and share knowledge and expertise, to promote market connectivity and improve liquidity in our market.

PSE and TPEx MOU

June 10, 2025

PSE and Taipei Exchange signed an MOU to collaborate on key areas such as market making, SME market incubation and development of new fixed income products such as bond ETFs.

Capital Markets Efficiency Promotion Act (CMEPA)

Capital Markets Efficiency Promotion Act (CMEPA)

CMEPA was officially signed into law as Republic Act No. 12214 on May 29, 2025 and took effect on July 1, 2025.

Key features of CMEPA affecting the capital markets:

- 1) reduce the stock transaction tax from 0.6% to 0.1%;
- 2) lower DST on original issuance from 1% to 0.75%;
- 3) remove DST on UITFs; and
- 4) expand the definition of 'securities' to include other financial instruments other than stocks

Product and Policy Developments in the Pipeline

Global Philippine Depositary Receipts

- To allow trading of foreign stocks in our market using GPDRs as well as enabling our listed companies to be traded in other exchanges.
- GPDR is a peso-denominated instrument that represent economic, but not voting, interest in foreign-listed securities, with an option to convert to the underlying shares.
- PSE received formal comments on its GPDR rules from the SEC on May 26, 2025. The Exchange is aligning the GPDR rules and regulations with the SEC's comments.

Derivatives

- PSE is set to launch index futures based on the PSEi and is currently engaging with TWSE and other foreign market participants to establish derivative products in the market.

ETF Rule Amendments

- PSE is finalizing amendments to its ETF rules to encourage issuance of more ETF products (e.g., allow trust-type and actively managed ETFs; enable funds to track foreign securities and alternative assets like cryptocurrencies, gold, and commodities, etc).

Market Making

- PSE is studying the introduction of market makers in the local market to boost liquidity.

Ongoing Integration of PDSHC

Advancing the Philippine Capital Markets

PDS Group

Philippine Dealing System Holdings Corp. & Subsidiaries

The acquisition of PDS group transformed the Company's financials, particularly its revenue mix, by bringing in new revenue streams and increasing its trading-related revenues.

PSE has been actively conducting high-level integration meetings to strategically plan synergies and cost efficiencies that can be derived from the acquisition.

As of May 30, 2025, **PSE beneficially owns 92.06% of PDS** and hopes to complete the acquisition of the remaining shares shortly.

Areas for Development

Technology

Integration of depository system and clearing and settlement systems

Utilization of PSE's disclosure system for FI issuers and PDS' e-SIP platform for stock listings

Investor Protection

Expansion of NoCD coverage to include all stock securities which can enable investors to receive reports directly from the securities depository

New Products

Bond ETFs, Multi-Asset ETFs, interest rate futures, derivatives with bonds, currencies as underlying assets

Risk Management

Aligning of risk management and business continuity processes of both entities

Improved information sharing between clearing and depository

Other Matters

Internal Controls or Risk Management Systems

The Board has determined that the company's internal controls and risk management systems are adequate and effective.

- The Board, through the Audit and Related Party Transactions Committee (ARPTC), monitors and evaluates the adequacy and effectiveness of the Exchange's internal controls in responding to risks within its governance, operations and information systems, by ensuring that a review of the Exchange's material internal controls, including financial, operational, compliance and risk management, is conducted at least annually.
- The Internal Audit Group (IAG) performed financial and operations audit and IT audit in accordance with the 2024 annual risk-based audit plan reviewed and approved by the ARPTC. Compliance with established standard operating policies and procedures of the Exchange, laws and regulations and other applicable standards and best practices are always part of the scope of review in all audit areas being audited. Audit areas are classified according to its criticality (high, moderate and low) as a result of the annual risk assessment conducted by IAG.
- SyCip Gorres Velayo & Co. conducted the audit of the 2024 financial statements of the Exchange and its subsidiaries, while Reyes Tacandong & Co. conducted an independent assessment on the effectiveness and adequacy of the Exchange's information technology, business continuity and disaster recovery plans and risk management systems against leading practices and based on applicable International Organization for Standardization (ISO) Standards pursuant to Rule 33.1.1.26.2 of the Implementing Rules and Regulations of the Securities Regulation Code.

Appraisal and Performance Reports

- In accordance with the Exchange's Manual on Corporate Governance, the Board conducts an annual self-assessment exercise of its performance, including the performance of the Chairman, individual members and committees.
- Each year, the Exchange's Corporate Secretary distributes self-evaluation questionnaires to the directors and gives scores based on the directors' ability to participate in corporate policy making, and to demonstrate a high level of professionalism and integrity in the decision-making process, among others. The Corporate Secretary then submits the report to the Board of Directors for discussion.
