With this implementation of GCQ for Metro Manila, PSE will now reopen the trading floor for business and allow Trading Participants ("TPs") to conduct trading in their respective trading booths, subject to observance of the minimum public health standards and safety protocols prescribed by the Inter-Agency Task Force on Emerging Infectious Diseases. To minimize contact rate and prevent the spread of COVID-19, brokers and traders must comply with the following guidelines:

- Only one (1) trader per trading booth shall be allowed entry to the trading floor and no other person will be allowed to stay in the trading booth. It shall be the responsibility of the TP to ensure compliance with this policy at any given time.
- Only the trading floor turnstiles shall be used for entry and exit. Side doors shall be temporarily closed.
- No mask, no entry. All traders shall wear face mask at all times while inside the trading floor.
- Traders shall fill up daily a Health Declaration Form prior to entry to the trading floor. If a trader has a temperature above 37.5° C, even after a 5 minute rest, or gave information in the Health Declaration Form that requires further evaluation by the PSE nurse, he or she shall be isolated in the designated area and not allowed to enter the trading floor. The same procedure shall be observed if the trader develops flu-like symptoms and fever while inside the PSE premises. The Exchange will conduct another temperature check midway through the trading session.
