TO : THE INVESTING PUBLIC AND TRADING PARTICIPANTS

**SUBJECT : SYNERGY GRID & DEVELOPMENT PHILS., INC. ("SGP")
(LIFTING OF LOWER STATIC THRESHOLD)**

DATE : October 27, 2021

Please be advised that in connection with the trading of Synergy Grid & Development Phils., Inc. ("SGP") shares on November 10, 2021, the listing date of the SGP shares subject of their follow-on offering, the lower static threshold for SGP will be lifted pursuant to Section 6(c) of Article VII of the Revised Trading Rules.

SGP has an ongoing follow-on offering with a bookbuilt price of Php12.00 per share, below the lower static threshold based on the last traded price prior to trading suspension last May 31, 2021.

Hence, the Exchange has determined the need to lift the lower static threshold while maintaining the upper static threshold on the resumption of trading of shares of SGP. Pursuant to the Revised Trading Rules, only the lower static threshold shall be lifted until such time that the trades have been executed which will eventually be the basis of the floor price on the following day.

This regulatory action will allow a market-determined price to be formed on the basis of actual trades by investors upon the resumption of trading of SGP shares.

For your information and guidance.
