TO : THE INVESTING PUBLIC AND MARKET PARTICIPANTS

SUBJECT : Price Adjustment Upon Declassification of Shares and Trade Suspension Prior to Delisting of Classified Shares

DATE : September 10, 2026

Further to PSE Circular Nos. 2025-0035 and 2025-0036 in relation to the SEC Circular Mandating the Declassification of Class "A" and Class "B" shares, the Exchange will implement the following adjusted pricing methodology and the trading suspension mechanics:

a.) Adjusted Pricing Methodology

Upon the effectivity of the declassification of shares, the adjusted price of the resulting shares shall be based on the closing price of the Class "A" shares or Class "B" shares, **whichever is higher**, on the last trading day immediately preceding the declassification.

b.) Trading Suspension Mechanics

The PSE shall impose a **trading suspension of two (2) trading days prior to the delisting date of the classified shares**, to allow trades executed prior to the suspension to settle through the standard T+2 settlement cycle and the completion of the declassification process and delisting, after which trading may resume on the basis of the declassified shares. Please see attached sample timeline, for your reference.

For your information and guidance.
