MONTHLY REVIEW

STOCK MARKET REPORT

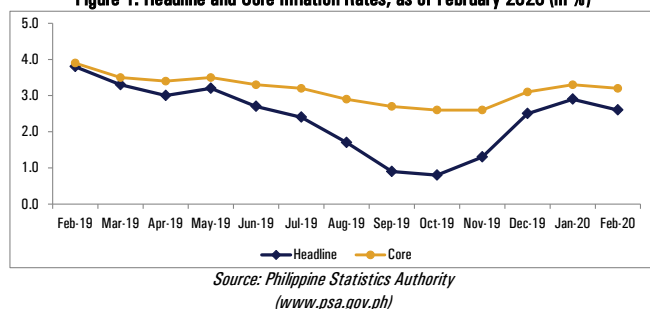

- Share prices declined during the month as concerns on the outbreak of the corona virus disease 2019 (COVID-19) weighed investor sentiment down. As a result, the benchmark PSEi capped February at 6,787.91 points, shaving off 412.88 points or 5.7% from the end-January level of 7,200.79 points. Year-to-date, the benchmark index likewise fell by 13.2% at 1,027.35 points from 7,815.26 points by the end of 2019.
- All six sector indices likewise performed sluggishly during the month, with the Mining & Oil index suffering the largest loss at 15.8%, followed by the Services, Financials, Industrial, Property, and Holding Firms indices which declined by 8.4%, 6.9%, 6.4%, 5.4%, and 4.0%, respectively. The broader All Shares Index charted the same downtrend in February as it fell by 227.89 points or 5.3% to 4,064.32 points from 4,292.21 points the previous month.
- The aggregate value of shares listed on the PSE as of end-February was valued at P14.93 trillion, a 4.8% decrease from P15.68 trillion the prior month and 10.6% lower than the P16.71 trillion total market capitalization (MCAP) at the close of 2019. Excluding foreign firms, domestic MCAP likewise slid by 5.2% to P12.24 trillion during the month from P12.91 trillion in January and decreased by 12.2% from the P13.95 trillion domestic MCAP at the end of 2019.
- The total value of transactions executed through the Exchange went up by 3.0% to P132.56 billion in February from P128.76 billion the previous month. The average daily value of trades for the month was likewise up by 13.8% to P6.98 billion from the P6.13 billion daily average in January. Meanwhile, on a year-to-date basis, the cumulative value turnover in PSE reached P261.32 billion, 25.3% lower than the P349.62 billion total value turnover in the comparable period in 2019. Similarly, average daily value turnover decreased by 25.3% to P6.53 billion for the first two months of the year from an average of P8.74 billion in the same period a year ago.
- Foreign investors in February remained net sellers with transactions amounting to P8.62 billion, 15.6% higher from the P7.45 billion net selling the prior month and a reversal of the P8.90 billion net buying figure in February 2019. For the two-month period ending February, foreign transactions were, similarly, in net selling territory at P16.07 billion, a reversal of the P28.34 billion net buying figure registered in the same period last year. Foreign investors accounted for 56.3% of total market transactions in the first two months of 2019.

MONTHLY REVIEW

ECONOMIC UPDATES

- Inflation.** The country's headline inflation rate eased to 2.6% in February 2020 from 2.9% the prior month and from the 3.8% headline inflation rate reported in February last year. The downtrend in inflation for the month was mainly on account of the deceleration in the annual mark-up in the heavily-weighted food and non-alcoholic beverages index. Slower price increments were also recorded for the alcoholic beverages and tobacco; housing, water, electricity, gas, and other fuels; and transport indices. Core inflation, which excludes selected food and energy items, was likewise slower at 3.2% for the month from 3.3% in January and 3.9% in the same month in 2019. Latest data brought the two-month average headline inflation rate to 2.8%, slower than the 4.1% average posted in the same period a year ago. Similarly, average core inflation rate softened to 3.2% in the first two months of 2020 from an average of 4.2% in the comparable period in 2019.

Figure 1. Headline and Core Inflation Rates, as of February 2020 (in %)

- Interest Rates.** The Monetary Board (MB) cut its policy rate on the BSP's overnight reverse repurchase facility by 25 basis points (bps) to 3.75% in its meeting held on 06 February 2020. The interest rates on the overnight lending and deposit facilities were likewise reduced to 4.25% and 3.25%, respectively. The central bank's decision to cut policy settings came as a result of a broadly steady path of inflation, with recent forecasts predicting consumer prices to settle within a target band of 2.0% to 4.0% for 2020-2021. Per the MB, the country's inflation environment remains manageable amid the burden on the sudden eruption of the Taal volcano, aftermath of typhoon Tisoy, and the spread of the novel coronavirus. Upside risks to inflation over the near term emanate mainly from external factors including the ongoing geopolitical tensions and uncertainty over trade and economic policies in major economies. Locally, the impact of the African swine fever outbreak and tighter international supply of rice poses a threat on domestic food prices.

The yield of the re-issued 10-year treasury bonds (T-bonds) fell to an average of 4.409% during the auction conducted on 18 February 2020, down by 20.8 bps from the 4.617% average it obtained when it was last auctioned on 12 November 2020. The T-bond offering was more than 2.5 times oversubscribed in the amount of P83.59 billion, with the government fully awarding P30 billion as planned.

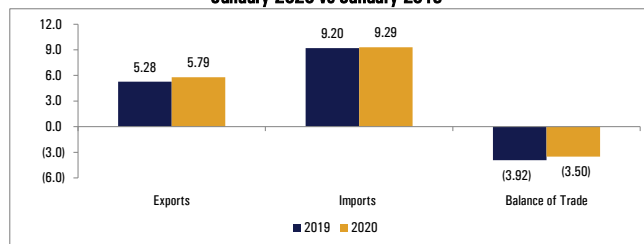

Yields of the 91-, 182-, and 364-day Treasury bills (T-bills) fell across the board during the 24 February 2020 auction. The benchmark 91-day T-bill's average yield slipped by 6.9 basis points (bps) to 3.003% from an average of 3.072% in the 17 February 2020 auction. The 182-day T-bill's average rate likewise decreased by 5.5 bps to 3.365% from the 3.420% average rate in the last auction, while the 364-day T-bill fetched an average yield of 3.787% which is 4.9 bps lower than the previous average of 3.836%. The short-term debt offering was more than 3.5 times oversubscribed with total bids reaching P70.87 billion. The Auction Committee of the Bureau of Treasury fully awarded P20 billion.

- Foreign Exchange.** The peso capped February 2020 at P50.97 per US dollar, weaker by 14 centavos or 0.3% than the P50.83 per US dollar close the previous month.
- Trade Performance.** The country's external trade position in January 2020 was valued at a total of US\$15.08 billion, up by 4.1% from US\$14.48 billion in the same month in 2019, as both exports and imports increased. Meanwhile, the Philippine trade deficit for the month improved to US\$3.50 billion from US\$3.92 billion in January 2019.
- Exports.** Philippine exports expanded by 9.7% to US\$5.79 billion in January 2020 from US\$5.28 billion in the comparable month last year, as revenues from seven of the top 10 major export goods increased. These include other mineral products; gold; electronic products; cathodes and sections of cathodes, of refined copper; other manufactured goods; ignition wiring set and other wiring sets used in vehicles, aircrafts and ships; and chemicals. The country's top export for the month were electronic products which made up 55.9% or US\$3.23 billion of total outbound

shipment sales, up by 15.8% from US\$2.79 billion a year ago. Meanwhile, the United States was the primary Philippine export destination in January 2020, with a share amounting to 16.3% or US\$941.73 million of the month's export earnings.

- Imports.** Philippine imports grew by 1.0% to US\$9.29 billion in January 2020 from US\$9.20 billion in the same month a year ago, on account of the positive performance of seven of the top 10 major import merchandise. These include mineral fuels, lubricants and related materials; miscellaneous manufactured articles; other food and live animals; iron and steel; transport equipment; industrial machinery and equipment; and telecommunication equipment and electrical machinery. Electronic products were the top Philippine import commodity representing 25.3% or US\$2.35 billion of the total import bill, a 0.4% decline from US\$2.36 billion in the same month in 2019. The People's Republic of China continued to be the country's main supplier of inbound merchandise, accounting for 25.5% or US\$2.37 billion of total import payments for the month.

Figure 2. Philippine Trade Performance (in US\$ billion), January 2020 vs January 2019

- Overseas Remittances.** Cash remittances coursed through banks in January 2020 went up by 6.6% to US\$2.65 billion from US\$2.48 billion in the same month in 2019. Money sent by land- and sea-based overseas Filipino workers both rose during the month, clocking in growth rates of 7.4% and 3.8%, respectively. The US was the main source of overall remittances at 38.6%, followed by Japan; Singapore; Saudi Arabia; United Kingdom; United Arab Emirates; Qatar; Canada; Hong Kong; and Korea. Meanwhile personal remittances in January went up by 7.3% to US\$2.94 billion from US\$2.75 billion a year ago.
- Gross International Reserves.** Philippine gross international reserves (GIR) stood at a level of US\$87.61 billion in February 2020, 0.8% higher than the US\$86.87 billion GIR level the previous month. The latest figure was likewise up by 5.8% from US\$82.78 billion in February 2019. The increase in reserves came as a result of the inflows arising from the National Government's (NG) net foreign currency deposits and the Bangko Sentral ng Pilipinas' net foreign exchange operations. However, these inflows were partially tempered by payments made by the NG for servicing its foreign currency debt obligations. The February GIR provides 7.7 months' worth of import cover and is also equivalent to 5.4 times the country's short-term external debt based on original maturity and 3.8 times based on residual maturity.
- Foreign Portfolio Investments.** Foreign portfolio investments (FPIs) registered with the BSP yielded net inflows worth US\$40.06 million in February 2020, a turnaround from the US\$486.10 million net outflows the previous month, albeit lower than the US\$339.57 million net inflows in February 2019. Approximately 68.7% of BSP-registered FPIs for the month were invested in PSE-listed securities, particularly holding firms, property companies, banks, transportation services firms, and food, beverage and tobacco companies. The United Kingdom, Singapore, the United States, Luxembourg, and Japan were the top five investor countries for the month, collectively accounting for 72.8% of FPIs in February. Latest data brought FPIs for the January-February period to net outflows of US\$446.04 million, a reversal from the US\$1.10 billion net inflows in the comparable two-month period in 2019.
- Foreign Direct Investments.** Foreign direct investments (FDIs) into the Philippines surged by 69.0% to yield a net inflow of US\$1.15 billion in December 2019, up from US\$683 million in the same month in 2018. The higher year-on-year net inflows was propelled by net equity capital placements which more than quadrupled to US\$598 million from US\$136 million a year ago. Equity capital infusion for the month primarily came from Singapore, the Netherlands, Japan, and the United States. Reinvestment of earnings likewise expanded by 17.2% to US\$71 million in December 2019 from US\$61 million in the same month last year. On the other hand, net investments in debt securities slid marginally by 0.4% to US\$484 million for the month from US\$486 million in December 2018. Despite stronger inflows in the last month of the year, FDIs for the entire 2019 was 23.1% lower at US\$7.65 billion in

MONTHLY REVIEW

comparison to the 2018 net FDI inflows of US\$9.95 billion. This was on account of global uncertainties dampening investor sentiment throughout the year.

- Fiscal Position.** The NG recorded a fiscal surplus of P23 billion in January 2020, a decline of 48.3% from the P44.50 billion budget surplus recorded in the same month in 2019. The narrower surplus for the month came as a result of the acceleration in government disbursements outpacing growth in revenue collection. The NG's revenues in January 2020 stood at P294.60 billion, 14.8% higher than the P256.70 billion revenues collected in the comparable month a year ago. Meanwhile, NG expenditures grew faster at 28.0% to P271.60 billion from P212.20 billion in January 2019.

Table 1. National Government's Fiscal Position as of January 2020, in PhP billion

	January		Change
	2019	2020	
Revenues	256.70	294.60	14.8%
Expenditures	212.20	271.60	28.0%
Surplus/(Deficit)	44.50	23.00	48.3%

Source: Bureau of Treasury
(www.treasury.gov.ph)

- National Government Debt.** The NG outstanding debt grew by 0.4% to P7.76 trillion in January 2020 from P7.73 trillion in December 2019. The January outstanding debt level was likewise a 3.6% increase from P7.49 trillion in the same month in 2019. Of the total debt during the month, P5.12 trillion or 66.0% were borrowed from domestic creditors while the remaining P2.64 trillion or 34.0% were classified as external loans. On the other hand, the NG's outstanding guaranteed debt for the month fell by 0.1% to P488.29 billion from P488.75 billion in December due to the net redemption of both local and foreign guarantees. However, outstanding guaranteed obligations in January 2020 were up by 0.2% from P487.29 billion in the comparable month a year ago.
- Unemployment.** The country's unemployment rate in January 2020 was estimated at 5.3%, unchanged from the estimate in the same month in 2019. Ilocos, CALABARZON, NCR, and Central Luzon reported the highest unemployment rates at 8.8%, 6.7%, 6.2%, and 6.0%, respectively. Males comprised almost two-thirds of those who were unemployed, while persons aged between 15 and 24 years old represented 42.4% of the unemployed population. By educational attainment, 26.9% of the unemployed were college graduates, 10.0% were college undergraduates, and 28.7% have completed junior high school.

SECTOR AND CORPORATE DEVELOPMENTS

Financials Sector

Bank of the Philippine Islands (BPI) subsidiary completes deal to manage PAMI mutual funds. BPI announced that its wholly-owned subsidiary, BPI Investment Management Inc. (BIMI), assumed the management and distribution of nine mutual funds previously managed by PhilAm Asset Management, Inc. (PAMI) effective 29 January 2020. BIMI and PAMI first announced the agreement to transfer the management of the funds in November 2019. BIMI manages the ALFM Funds which represent approximately 35% of the industry as of end December 2019. The addition of the PAMI funds under BIMI's management doubles its product offerings to 18 and nearly triples its client base from 50,000 to 140,000. The deal will see BIMI's assets under management (AUM) increase to nearly P165 billion.

East West Banking Corporation (EW) raises P3.7 billion in its maiden bond issuance. EW announced that it raised P3.7 billion in its maiden bond issuance, well above its target of P2 billion. The bonds have a tenor of three years and carry an interest rate of 4.5% per annum. Unicapital Inc. served as lead arranger and selling agent of the bonds. The bonds were listed at PDEX on 21 February 2020.

Union Bank of the Philippines (UBP) raises P6.8 billion worth of unsecured subordinated notes. UBP disclosed that it raised P6.8 billion worth of Series A unsecured subordinated notes eligible as Tier 2 capital (Tier 2 notes), P1.8 billion or 36% higher than its target issue size of P5 billion. In December 2019, the Bangko Sentral ng Pilipinas (BSP) approved the issuance of up to P20 billion worth of Tier 2 notes to be issued in tranches within a period of one year. UBP's Tier 2 notes have a tenor of 10.25 years, and will be callable in 5.25 years, starting 24 May 2025. The Tier 2 notes will bear an interest rate of 5.25% per annum and will mature on 24 May 2030. The Tier 2 notes were listed on 24 February 2020 on the Philippine Dealing and Exchange Corp. Standard Chartered Bank and The Hongkong and Shanghai Banking Corporation

Limited acted as joint lead arrangers, bookrunners and selling agents for the issuance, alongside UBP who acted as the limited selling agent. Asia United Bank Corporation will act as market maker for the Tier 2 notes.

Industrial Sector

Alsons Consolidated Resources, Inc. (ACR) lists P694 million commercial paper on PDEX. ACR disclosed that it re-issued P694 million from the first P1.5 billion tranche of its commercial paper issuance with the Philippine Dealing and Exchange Corporation (PDEX). This will provide interim funding to help ACR's expansion into the renewable energy (RE) sphere. ACR currently has a portfolio of four power facilities in Mindanao with an aggregate capacity of 468 megawatts (MW) serving over eight million people in 14 cities and 11 provinces including key urban centers such as Cagayan de Oro, General Santos, Iligan, and Zamboanga City. ACR is currently building a P4.5 billion 14.5 MW run-of-river hydroelectric power plant at the Siguil River basin in Maasim, Sarangani Province. The Siguil Hydro power plant is expected to begin commercial operations in 2022 and will provide power to Sarangani Province, General Santos City and key municipalities of South Cotabato. The Siguil Hydro power plant, ACR's initial RE foray, will be the first of eight run-of-river hydroelectric power facilities that ACR plans to develop in various areas in Mindanao and Negros Occidental in Western Visayas. The next two hydroelectric power facilities in ACR's pipeline are the 38 MW Sindangan Hydro plant in Zamboanga del Norte and the 42 MW Bago Hydro plant in Negros Occidental. Once completed and operational, the eight hydro power plants will constitute the bulk of ACR's power facilities.

Cirtex Holdings Philippines Corporation (TECH) lists P2 billion worth of commercial papers. TECH announced that it was authorized by the SEC to issue P2 billion worth of commercial papers. The first tranche was listed on the PDEX on 20 February 2020. The initial issuance of Series A, B and C will carry discount rates of 5.332%, 5.582%, and 5.832%, respectively, calculated on a true-discount basis. The initial issuance will have the following tenors: 91 days, 182 days, and 364 days for Series A, B and C, respectively. Multinational Investment Bancorporation was appointed as a sole arranger and lead underwriter.

Roxas and Company, Inc. (RCI) sells real estate assets in Batangas to Ayala Land, Inc. for P192.59 million. RCI disclosed the sale of its asset to Ayala Land, Inc. in the amount of P192,589,500 exclusive of value added tax. The sale involved two parcels of land located in Barrio Caylaway, Nasugbu, Batangas with an aggregate area of approximately 128,393 square meters. The purpose of the transaction is to increase RCI's operating income due to debt reduction and improvement of debt to equity ratio.

Holding Firms Sector

The Board of AbaCore Capital Holdings, Inc. (ABA) approves joint venture agreement between its subsidiary and Honghui Pioneer S-Cement International. The Board of ABA approved the following: (1) joint venture agreement signed between wholly-owned subsidiary, Omnifines Energy International Network, Inc. (Omnifines) and Honghui Pioneer S-Cement International Inc. (Honghui), for the establishment and operation of a cement plant and silo worth an estimated P1 billion; (2) the sale of land of Omnifines located in Mabini, Batangas to Lithigh Development Corporation, an affiliate of Honghui, for P225 million; (3) the investment and acquisition of shares up to 10% of the authorized capital stock of Honghui; and (4) the authorization for wholly-owned subsidiary Montemayor Aggregates & Mining Corporation to sell its 50,000 square meters (sqm) property to Carino Development and Management Corporation for P5,000 per sqm for a total of P250 million.

Metro Pacific Investments Corporation (MPI) subsidiary opens the first sub-sections of CALAX to full commercial operations. MPI announced that its subsidiary, MPCala Holdings Inc. (MPCALA), secured authority from the Department of Public Works and Highways to start full commercial operations of the first sub-sections of the Cavite-Laguna Expressway (CALAX). The first 10.7-kilometer section of CALAX starts from the Mampasan Entry in Biñan and ends in the Sta. Rosa-Tagaytay Interchange in Laguna. The Toll Regulatory Board has also approved the MPCALA's petition to collect toll fees from motorists using CALAX. The approved toll fees are: P47 for Class 1 vehicles, P95 for Class 2 and P143 for Class 3 vehicles. CALAX is a 45-kilometer 2x2 lane expressway that will connect Kawit, Cavite, to Mampasan in Biñan. Target completion of the remaining sections is expected to be completed by 2022.

San Miguel Corporation (SMC) establishes medium term note and securities program. SMC announced that further to its disclosure on 05 December 2019, it established a medium term note and securities program, with Australia and New Zealand Banking Group Limited, Credit Suisse (Singapore) Limited, DBS Bank Ltd., Mizuho Securities Asia Limited, Standard Chartered Bank and UBS AG Singapore Branch as the initial dealers. Under the program, SMC may from time to time, issue notes or perpetual capital securities (the instruments) in series or tranches, denominated in US dollars or

any other currency agreed between SMC and the relevant dealer/s, on the same or different issue dates, up to the program limit of US\$3 billion, and subject to compliance with all applicable laws and regulations. As previously disclosed, the net proceeds from the issuance of the instruments will be used by SMC to finance its investments and various projects, to refinance existing obligations and for general corporate purposes. There will be no public offering of the instruments to be issued under the program in the Philippines or in the United States. The principal amount and timing of drawdown/s under the program are dependent on several factors, including but not limited to, market conditions and corporate needs of SMC. Application has been made to the Singapore Exchange Securities Trading Limited (SGX-ST) for permission to deal in and quotation for any instruments which are at the time of issue thereof to be so listed on the SGX-ST. Such permission will be granted when such instruments have been admitted to the official list of the SGX-ST.

Property Sector

Ayala Land, Inc. (ALI) to list first REIT company. ALI announced that its subsidiary, AREIT, Inc. (AREIT), filed an application for a real estate investment trust (REIT) offering to the Securities and Exchange Commission (SEC), following the release of the Revised Implementing Rules and Regulations (IRR) of Republic Act (RA) No. 9856, or the REIT Act of 2009 last 20 January 2020. The REIT Act, passed by Congress in 2009, allows REIT companies to list and trade its shares of stock in the Philippine Stock Exchange (PSE) as an alternative means to raise funds for property development and expansion initiatives. The REIT is a new asset class that provides investors with dividend-based income, inflation protection, and portfolio diversification. It broadens investment options for Filipinos, opening the opportunity to own a stake in high-value real estate assets in the country. ALI seeded AREIT with office assets located in Makati CBD and is expected to expand its portfolio with new acquisitions in the future. ALI seeks to do an initial public offering of AREIT after receiving the regulatory approvals from the SEC and the PSE.

D.M. Wenceslao & Associates (DMW) inks MOU with St. Luke's Medical Center for a 50-year lease of its land in Aseana City. DMW disclosed that it signed a memorandum of understanding with St. Luke's Medical Center to enter into a 50-year lease agreement for a 13,896-square meter (sqm) parcel of land in Aseana City. The new lease will expand DMW's leasable portfolio to 261,888 sqm, of which 171,974 sqm is total leased land area and 89,914 sqm is total leasable floor area. St. Luke's Medical Center is recognized as the leading and most respected healthcare institution in the Philippines. Its two facilities in Quezon City and Global City, Taguig have a combined total of 1,146 rooms, with 60,321 average in-patient admissions and 2.7 million outpatient consultations annually. In 2003, it was the first hospital in the country and the second in Asia to be accredited by the Joint Commission International—the world's leader in healthcare accreditation and quality improvement. In 2016, it was also the first in the country to be accredited as an Academic Medical Center Hospital and become a member of the Mayo Clinic Care Network.

Megaworld Corporation (MEG) launches second residential project in Cavite's Maple Grove township. MEG disclosed that it is launching its second residential development inside the 140-hectare Maple Grove township in General Trias, Cavite. The 16-storey La Cassia Residences will offer 238 units in eight varied layouts, which include: studio (up to 27.5 square meters (sqm)); studio with balcony (up to 29.5 sqm); studio with lanai (up to 32 sqm); studio garden with balcony (up to 33 sqm); one-bedroom (up to 40 sqm); one-bedroom with lanai (up to 49.5 sqm); two-bedroom (up to 79.5 sqm); and two-bedroom garden with balcony (up to 88 sqm). To be located within the township's Maple Grove Commercial District, a 35-hectare 'Makati-inspired' business district, La Cassia Residences will feature sky gardens at the tower's 14th level and at the roof deck. La Cassia Residences will be strategically located in front of a green park. It will feature amenities that include a swimming pool with pool deck, function hall, fitness center, outdoor fitness facilities, daycare center, and a walkway area. MEG expects to generate around P1.4 billion from this new residential project, which is due for completion in 2025.

Services Sector

Globe Telecom, Inc. (GLO) inks term loan deals with BPI and Metrobank. GLO announced that it signed loan facilities with the Bank of the Philippine Islands and Metropolitan Bank & Trust Company for P5 billion and US\$95 million, respectively. The loans shall be used to finance GLO's capital expenditures, refinancing of maturing obligations and general corporate requirements.

Pacific Online Systems Corporation (LOTO) sells its wholly-owned subsidiary to Maison Noble Holdings. LOTO announced the sale of 125 million shares or 100% stake in its wholly-owned subsidiary, Lucky Circle Corporation (LCC), to Maison Noble Holdings, Inc. The transaction is valued at P1.082 per share and is payable in cash. LCC operates and/or manages several outlets throughout the Philippines which sell products of the Philippine Charity Sweepstakes Office, including Lotto, Keno, and instant scratch

tickets. LCC was acquired by LOTO from its original owners in October 2007. With the online gaming business fast becoming a more challenging environment owing to the proliferation of other forms of gaming, legal or otherwise, the Board of LOTO decided to focus its resources to its principal business of providing modern and efficient online gaming facilities and equipment to its customers.

Philippine Seven Corporation (SEVN) partners with subsidiary of Japan-based financial institution to facilitate ATM services in 7-Eleven stores. SEVN announced that it partnered with PITO AxM Platform, Inc. (PAPI), a local and wholly-owned subsidiary of Japan-based financial institution, Seven Bank, Ltd., in an agreement that will equip 7-Eleven stores across the country with automated teller machines (ATMs) that can facilitate both real-time cash deposits and withdrawal. Under the agreement with PAPI, cash-recycling machines will be deployed in 7-Eleven stores in the Philippines to provide customers with convenient access to ATM services. The deployment of the ATMs is slated to begin in June this year and is expected to be in all stores in the next few years. Among the features of the ATMs is a cash recycling function that enables the machines to dispense bank notes deposited by the 7-Eleven stores and customers of PAPI partner banks. All ATM cardholders can benefit from the ATMs 24 hours a day, seven days a week. Seven Bank is a subsidiary of Seven & I Holdings Co., Ltd., the parent company of 7-Eleven Japan.

Mining and Oil

PXP Energy Corporation (PXP) announces updates on Marina-1X exploration. PXP disclosed the press release by Karoon Gas Australia Limited that Marina-1X exploration well has now drilled down to a depth of 3021mm MD near the top of the Cardalitos Formation. Mudlogging and LWD logging results from the primary targets in the Tumbes formation indicated that the well encountered thin water bearing sands with no oil and only minor gas shows. Final logging is now being completed and Marina-1X will be plugged and abandoned. Marina-1X provided a large amount of valuable data on the geological setting for this region of the Tumbes Basin. Several potential reservoir sequences were encountered in the well, unfortunately these sections were water wet and provide no prospectivity at this location. The well results will now be thoroughly analyzed, but no further drilling is planned in Block Z-38 in this campaign. Operationally the well has progressed to plan, on time and within budget, with no safety or environmental incidents. The total drilling operation is still estimated to take 30 days. This prospect is the first well to be drilled in Block Z-38. Pitkin Petroleum Limited (Pitkin) is carried in the cost of Marina-1X and a second future well under a Farm-in Agreement signed with Karoon in 2008. Pitkin, a 53.43%-owned subsidiary of PXP, holds a 25% participating interest in Peru Block Z-38 located in offshore Peru.

MONTHLY FEATURE: Real Estate Investment Trusts (REITs)

The Department of Finance (DOF), Securities and Exchange Commission (SEC), Bureau of Internal Revenue (BIR), and Philippine Stock Exchange (PSE) launched the amendments to the regulations governing REITs in a joint signing ceremony on January 20, 2020, paving the way for the development of a REIT market in the Philippines.

Understanding REITs

Real estate investments trusts (REITs) are stock corporations that own and operate income-generating real estate properties and mortgages or related assets which generate steady income. It is a type of investment instrument that provides a return to investors derived from the income of the underlying real estate asset. REITs are generally classified according to the sector of its underlying assets, for example, office REITs which own, manage, and/or lease office spaces; retail REITs which invest in shopping malls, or any related centers that feature big box retailers; healthcare REITs which own hospitals and clinics; or diversified retail REITs which are a combination of any of the real property sectors available.

REITs in Asia

Most of the Philippines' regional peers have enacted their respective REIT laws more than a decade ago, with the first REIT listing usually taking two years from enactment to happen. Japan was the first REIT market to emerge in Asia having introduced REITs in 2001. Thereafter, the Japanese REIT (J-REIT) market grew rapidly over the years supported by the country's low tax rates on capital gains and dividends, remaining as the largest and leading REIT market in Asia up to date.² This was followed closely by the Singapore REIT (S-REIT) market, where the first IPOs were not well received by the public due to lack of investor awareness, but increasingly became a global REIT hub through the years. Today, over 80% of S-REITs and property trusts own properties outside Singapore, and some have become big enough to be constituents of benchmark

² <https://www.moneycontrol.com/news/business/real-estate/total-acquisitions-undertaken-by-reits-in-asia-pacific-cross-20-billion-3646691.html>

MONTHLY FEATURE

indices. S-REITs comprise about 12% of Singapore Exchange's total market capitalization.³ Hong Kong followed J-REITs and S-REITs' success despite the initial failure to capitalize on the Hong Kong REIT (H-REIT) market growth when the law was enacted in 2003. Hong Kong, however, since launching the first H-REIT listing in 2005 has become one of the largest REIT markets in Asia. These REIT markets all exhibited similar developmental phases before moving towards greater growth in later years, a testament to REIT's growing popularity and the benefits it brings to the investment community, particularly to the property sector.

REITs in the Philippines: A Timeline

- The Philippines laid the groundwork for the development of a REIT market with the passage of Republic Act No. 9856 in 2009, otherwise known as the REIT Act of 2009, which established the legal and regulatory framework for Philippine REITs. The REIT Law was enacted with the view of unlocking real estate value and democratizing wealth through public participation from returns of real estate properties.
- Despite the enactment of the 2009 law, concerns on Philippine REITs arose from the imposition of value-added tax (VAT) on the transfer of property, escrow obligations to avail of tax incentives, and high minimum public ownership (MPO) requirement which resulted to zero REIT listings in the past decade.
- Fortunately, the passage of the Tax Reform for Acceleration and Inclusion (TRAIN) Law in December 2017 helped address the issue of VAT on transfer of property to the REIT. This was a major step in reviving discussions, as the only hurdle that remained was to lower the MPO requirement, which mandates REITs to give up 67% ownership on the third year of its listing.
- On October 4, 2019, the SEC conducted a public consultation for its proposed amendments to the Implementing Rules and Regulations (IRR) on REITs. The new SEC IRR lowers the MPO requirement to 33% from the original requirement of 40% on the first year and 67% by the third year. Other highlights of the amended IRR include the reinvestment of proceeds policy and enhanced control on related party transactions. The BIR, meanwhile, amended past revenue regulations to make the transfer of property in exchange for shares for control in a REIT exempt from the imposition of VAT, in accordance with the TRAIN Law. The BIR further removed escrow obligations for the availment of tax incentives, as well as the 50% documentary stamp tax (DST) given as incentive on the transfer of real property to the REIT.
- In a joint signing ceremony on January 20, 2020, the DOF, SEC, BIR, and PSE launched the final amendments to the regulations governing REITs. This favourable development came as a result of the Company's and market regulators' conscious efforts in the past few years to clear the hurdles which have long deterred issuers from listing a REIT. The amendments were introduced in response to concerns of stakeholders, while ensuring that the gains from the implementation of the law would still redound to the benefit of the Filipino people.

Governing Rules and Regulations for Philippine REITs

Aside from the REIT Act of 2009, the regulatory framework for REITs is anchored by the following:

- SEC Memorandum Circular No. 1 Series of 2020.** It is also known as the Revised IRR of the REIT Act of 2009 and took effect on 07 February 2020. It sets, among others, the 33% MPO requirements for REITs; stipulates the policy which requires proceeds to be reinvested into a real estate, redevelopment, or infrastructure project

in the Philippines; and ensures the independence of key external parties such as the fund manager and property manager.

- BIR Revenue Regulations (RR) No. 13-2011, as amended by RR No. 3-2020.** BIR RR No. 13-2011 was published on 25 July 2011, but was amended and renumbered by RR No. 3-2020 which was published on 30 January 2020. RR No. 13-2011 originally prescribed the guidelines and conditions for the registration of REITs, the application of the tax incentives granted to REITs, the availment of dividend tax exemption by an overseas Filipino investor, and the withdrawal of tax incentives granted under the Act. Meanwhile, RR No. 3-2020 was issued to properly implement the tax provisions of the REIT Act of 2009, and amend certain provisions of the original RR. In this new revenue regulation, the BIR removed the escrow requirement for the availment of tax incentives that include: (1) 50% DST on the transfer of real property to REIT, including the sale or transfer of any and all security interests; (2) exemption from capital gains tax, income tax, and creditable withholding tax on the transfer of real property to a REIT, under Section 40(C)(2) of the National Internal Revenue Code; and (3) tax deductibility of dividends paid to its stockholders. RR No. 3-2020 also amends RR No. 13-2011 to align its definition of MPO with the SEC's definition.
- PSE Amended Listing Rules for REITs.** Published on 10 February 2020, the PSE Amended Listing Rules for REITs provides appropriate mechanisms and requirements for the listing and trading of REITs as well as internal controls, and procedures to monitor compliance of REITs with the applicable rules and regulations. The salient features of the PSE Amended Listing Rules for REITs are as follows:

1. General listing criteria

REITs are subject to general listing requirements of the PSE (e.g. the three-year track record of profitable operations), although a newly-formed REIT may invoke the track record of its income-generating real estate assets. In addition to the listing rules of the Exchange, REITs must comply with the following:

- Must have a dividend policy distributing annually at least 90% of its distributable income as dividends to its shareholders in accordance with the REIT Act of 2009 and its IRR.
- Must have at least 1,000 public shareholders each owning at least 50 shares of any class of shares who in the aggregate own at least one-third of the outstanding capital stock.
- Must be a stock corporation with a minimum paid-up capital of P300 million.
- Minimum 75% of the deposited property of the REIT must be invested in income-generating real estate; the REIT shall not invest more than 40% of the deposited property in foreign real estate.
- At least one-third of the board of a REIT must be independent directors, which in no case shall be less than two.
- A newly formed REIT which invokes the track record or operating history of its income-generating real estate assets shall submit audited financial statements and any other supporting documents that reflect the track record or operating history of REIT's income-generating real estate assets for the applicable period.

2. Reinvestment policy

In line with the policy to promote and develop the Philippines' real estate industry, the sponsors/promoters which transferred income-generating real estate to the REIT must reinvest in real estate and/or infrastructure projects located in the Philippines. Both the REITs and sponsors/promoters should abide by the following:

- Sponsors/promoters are required to submit a reinvestment plan which includes: (a) the amount and description of the income-generating property transferred by the sponsors/promoters to the REIT; (b) the estimated amount of proceeds/money from the sale of REIT shares or any income-generating real estate to the REIT to be realized by the sponsors/promoters; and (c) the description of the real property/infrastructure project which they will undertake to invest in within a period of one year.
- A REIT shall not invest in real estate located outside the Philippines without special authority from SEC.
- The reinvestment is required to be implemented within one year from the date of receipts of the proceeds.
- A REIT shall annually submit to the BIR a SEC Certification that it is compliant with the Reinvestment Plan (RR 13-11, as amended, Sec 18(j)).

MONTHLY FEATURE

3. Name of Central Depository (NoCD)

- o NoCD is a depository facility of segregating client holdings lodged with the Philippine Depository & Trust Corporation (PDTC) into individual sub-accounts reflecting the names of the clients in the PDTC system.
- o The REIT shall establish sufficient control and procedures that shall ensure that the shares are traceable to the names of the shareholders or investors and are for their own benefit and not for the benefit of any of the non-public shareholders.
- o Currently, the NoCD facility is an optional feature for all securities other than dollar-denominated securities and REITs.

4. Broker eligibility

Not all trading participants (TPs) are eligible to trade REITs. To become and to remain an eligible broker, TPs must fulfill the requirements below:

- o Attend a REIT training session conducted by the PSE
- o Submit a sworn certification attesting to its operational readiness
- o Must, at all times, have at least one licensed trader who is eligible to trade REIT
- o Obtain the consent of its clients to disclose their names for NoCD account purposes
- o Put in place a process which continuously serves to facilitate the opening and monitoring of clients' NoCD accounts, while instituting safeguards to ensure that only those clients who have given their consent will be allowed to trade REIT securities.

5. Mandatory tender offer in case of delisting

- o A REIT that is about to be delisted from the Exchange, whether voluntarily or involuntarily, shall conduct, either by itself or its controlling stockholders, a tender offer to all stockholders of record.
- o The tender offer price shall be determined in accordance with the PSE's rules on delisting and applicable tender offer price guidelines, as may be amended from time to time.

6. Periodic reports

A REIT shall comply with the reportorial and disclosure requirements prescribed by the Revised Corporation Code, the Securities Regulation Code, the Exchange, and the REIT Act of 2009 and its IRR, as may be amended. Periodic reports that must be submitted by REITs include:

- o Special quarterly, annual and current reports that include the following: (a) summary of all real estate transactions and the REIT's real estate assets; (b) comparative summary of financial performance of the REIT; and (c) status of the implementation of the reinvestment plan
- o Reinvestment reports; and
- o Foreign and public ownership reports

Reports must be submitted through the Exchange's Electronic Disclosure Generation Technology (EDGE), or any equivalent or replacement system.

There are also two other key entities in REIT management⁴:

- **Fund manager.** The fund manager is an independent third party that administers and manages the assets of the REIT and implements its investment strategy. They oversee and coordinate property acquisition, leasing, operational and financial reporting (including operating budgets), appraisals, audits, market review, accounting and reporting procedures, as well as refinancing and asset disposition plans. The SEC enhanced the qualification requirements of REIT fund managers to ensure independence for their organization where:
 - a. A minimum paid-up capital of P50 million is required and shall remain unimpaired at any given time.
 - b. A majority of the members of the board of a REIT fund manager must be independent directors and at least one independent director must have a working knowledge of the real estate industry, fund management, corporate finance, or other relevant finance-related functions.
 - c. The directors of the REIT, including independent directors, cannot jointly occupy more than 49% of the board of the REIT fund manager.
 - d. To be deemed compliant with the track record requirement under the REIT Act, the REIT fund manager's chief executive and at least two of its full-time professional employees must have a track record and experience in financial management and in the real estate industry for at least three years prior to their employment.
- **Property manager.** The property manager is an independent third party that administers and manages all the aspects of the REIT's real properties such as formulating leasing strategies, enforcing tenancy conditions, maintenance of physical structures etc., and all of such functions necessary and incidental to property management. To ensure independence of the property manager, companies should comply with the following requirements:
 - a. Majority of the members of the board of a REIT property manager must be independent directors, at least two of whom must have a working knowledge of the real estate industry.
 - b. The board of the REIT, including the independent directors, and its sponsors/promoters must not occupy more than 49% of the board of the REIT property manager.
 - c. A REIT property manager must employ any of the following: a real estate consultant, a real estate appraiser, or a real estate assessor. At least two responsible officers of whom must have a minimum three-year track record in property portfolio management, and at least one of the responsible officers shall be available at all times to supervise the business of the property manager, including asset and property management.

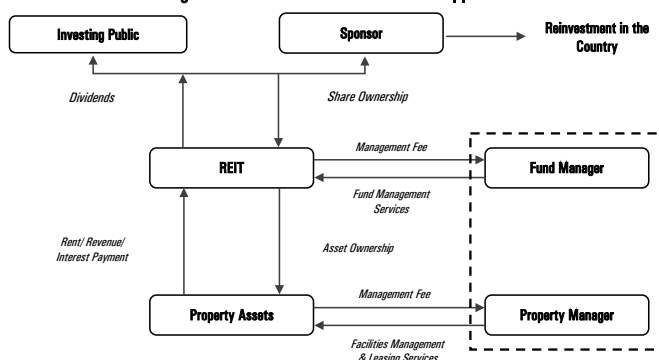

Benefits of REITs

- **Capital Markets.** The launch of REITs is expected to boost the diversity of products and development of the Philippine equities market as well as become a positive force in the growth of the property sector. REITs also provide broader benefits to the capital markets such as the following:
 - o Increase competitiveness vis-à-vis other markets in the region, with the addition of REITs to the PSE's roster of product offerings.
 - o Attract foreign investments by offering foreign investors access and exposure to the Philippine real estate industry.
- **Investors.** The purchase of shares of stock of REITs allows investors, especially small or retail investors, to participate in the ownership of one or more income-generating real estate. The introduction of REITs will also attract new investors who prefer steady returns while allowing property developers to diversify their portfolios. Moreover, REITs may attract investors due to the following benefits they offer:
 - o **High dividend yield.** As mandated by law, investors can expect to receive annually 90% of distributable income as dividends. For 2019, the average dividend yield of companies in the property sector is 1.2%.⁵ Having REITs would help attract more investors who seek income from dividends.
 - o **Liquidity.** As a tradable product in the Exchange, shares of REITs can be easily purchased and/or disposed as opposed to actual real estate properties which are often illiquid.

Philippine REIT Structure

Philippine REITs adopt a typical REIT structure where sponsors or promoters contribute cash or income-generating properties into the initial portfolio of the REIT. Sponsors usually become major shareholders of the REIT. A portion of the earnings generated from the underlying property asset are distributed as dividends to both the sponsor and the investing public or minority shareholders.

⁵ PSE data

MONTHLY FEATURE

- **Diversification.** REITs are a new and attractive asset class for local retail and institutional investors that can help them achieve better portfolio diversification and access the real estate investment sector.
 - **Affordability.** REITs offer a cheaper alternative to direct real estate investing as it allows investors to buy into a portfolio of different income-producing properties at a fraction of their cost.
 - **Transparency.** REITs are also subject to disclosure requirements in the same way as any PSE listed company, thereby generating more transparency.
- **Listed Property Company or REITs.** Companies, whether those in the property sector or those looking to list via REIT vehicle, can enjoy the benefits that REITs offer, to wit:
 - **Access to capital.** For companies, especially those involved in real estate and other related revenue-generating properties, REITs are another means through which they can raise funds in the stock market as opposed to borrowing from banks, among other sources. As an alternative to issuing secondary offerings in the market, property companies can raise funds by listing REITs to give investors an option to invest directly in the asset company. By transferring assets into a REIT and selling the REIT's shares to investors, developers and property owners will be able to gain access to ready capital and generate funding that can be used in additional property developments and expansion projects, especially in growth areas such as the provinces.
 - **Substantial tax benefits.** REITs can take advantage of the tax benefits specifically granted by the law. REITs can deduct its gross income from the dividends distributed to shareholders. With 90% of the REIT's annual distributable income required to be distributed as dividends, the corporate income tax payment of a REIT company is substantially reduced. Further, REITs enjoy a lower creditable withholding tax rate of 1% for income payments and tax exemption for initial public offerings. These tax benefits essentially put more money in the controlling shareholder's pocket to possibly reinvest in acquiring new property or developing existing ones.
 - **Enhanced valuation.** The formation of the company's share price in the market makes a good reference value for the company in case of merger, acquisition or secondary offering activities.
 - **Good housekeeping practices.** Disclosure obligations to the investing public encourage a listed REIT to plan responsibly and manage cycles in the property market. The added transparency also enables REITs to attract both local and global investors.

Corporate Developments

- Ayala Land, Inc. (ALI) filed with the SEC an application to raise an estimated P15.10 billion for a REIT offering in the Philippines.⁶ ALI's subsidiary, AREIT Inc., plans to sell up to 502.57 million common shares at P30.05 apiece. Net proceeds will be used for future investments in real estate in Metro Manila and other key regions. At present, AREIT's portfolio consists of five buildings in three projects with a combined 153,000 square meters (sqm) in Makati City, namely Solaris One, Ayala North Exchange and McKinley Exchange. ALI filed the application less than a month after the revised implementing rules and regulations for the REIT Act of 2009 was issued.
- Other property companies, namely, Megaworld Corporation (MEG), DoubleDragon Properties Corp. (DD), Century Properties Group Inc.,⁷ and Robinsons Land Corporation⁸ also showed their interest in listing REITs as the regulations eased. MEG is looking to launch its first issuance of REITs in the second half of 2020, but the size and assets to be used are yet to be identified.⁹ Meanwhile, DD disclosed its plans to sell up to P66 billion (US\$1.30 billion) worth of shares through a REIT offering and annual share sales of P11 billion (US\$217.56 million) in its REIT from 2020 to 2025 to generate funds for expansion. Each REIT offer will include 200,000 sqm of DD's leasing assets.¹⁰

Notes:

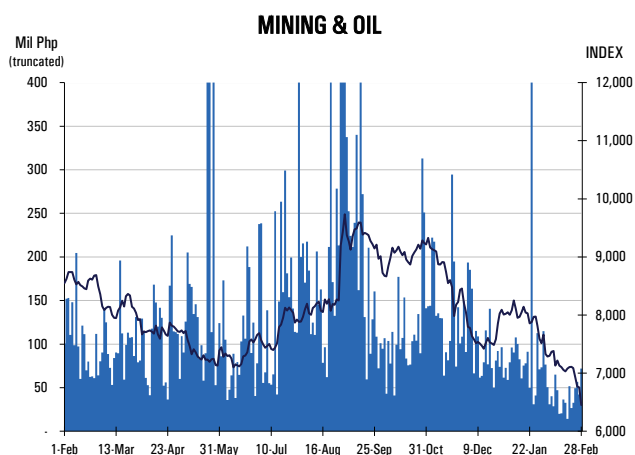

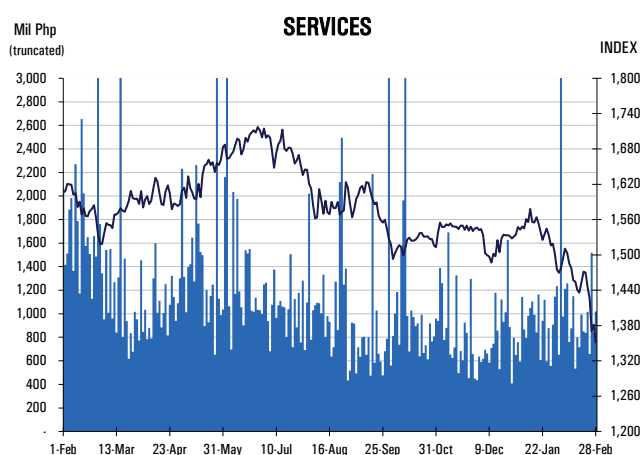

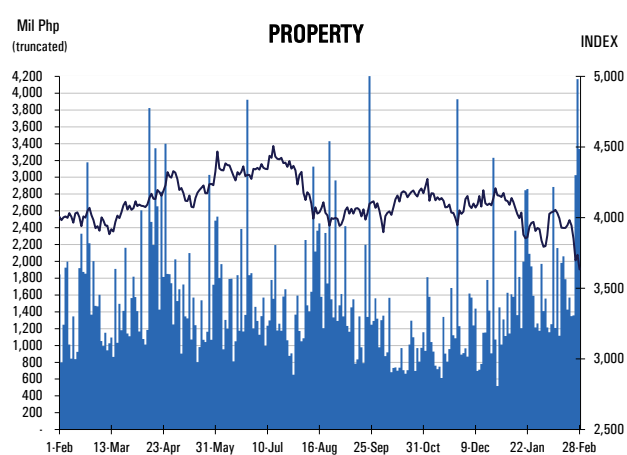

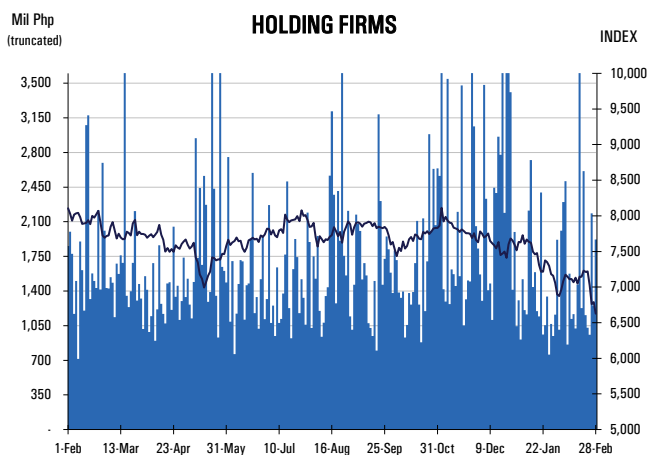

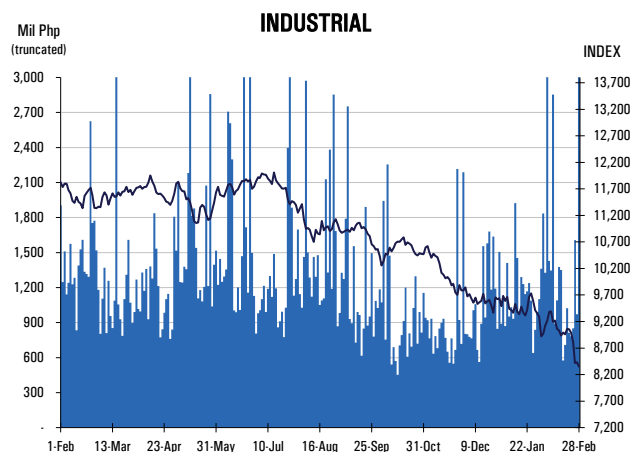

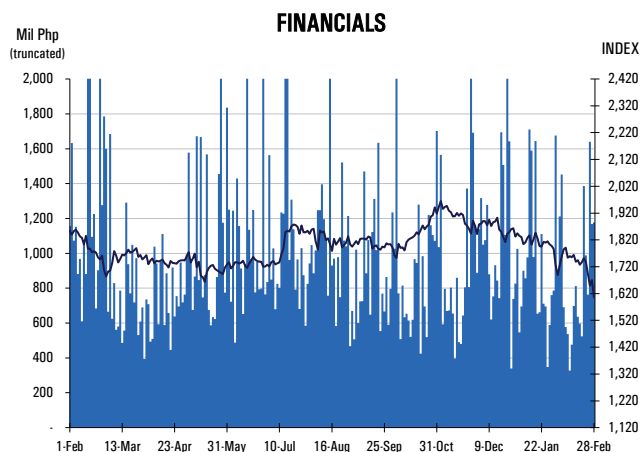

The base date shown for the PSEI, Industrial, and Mining & Oil indices was the base date used when the market capitalization method was first used to compute the indices. The base value refers to the average index level quoted at that time in the PSE's two precursors, the Manila and the Makati Stock Exchanges.

* Originally 100.00, the property index index was realigned to the 1,000.00 level starting 15 Nov 1996 (all prior values x 10).

** Previously separate, Mining and Oil sectors and its indices were folded together starting 2 Jan 2006, with the combined index continuing the level of the Mining index.
